At the February 5, 2018 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. Sally A. Talberg, Chairman
Hon. Norman J. Saari, Commissioner
Hon. Rachael A. Eubanks, Commissioner

ORDER

Public Act 295 of 2008, as amended (Act 295),¹ requires all providers of electric and gas service in this state to establish energy waste reduction (EWR) programs by filing energy waste reduction plans (EWRPs) with the Commission. MCL 460.1071(1). EWRPs filed by rate-regulated providers are subject to Commission approval and enforcement. MCL 460.1073. Biennial EWRPs are required from investor-owned utilities (IOUs), rate-regulated cooperatives (RRCs),

¹ Effective April 20, 2017, Act 295 was amended by 2016 PA 342 (Act 342).

member regulated cooperatives (MRCs), and municipally-owned electric utilities (MOEUs). MCL 460.1097(1) provides that, “[b]y a time determined by the commission, each provider shall submit to the commission an annual report that provides information relating to the actions taken by the provider to comply with the energy waste reduction standards.”² All cooperatives and MOEUs are subject to additional requirements regarding reporting to their governing bodies and customers. MCL 460.1097(1) and (3).

Act 295, as amended, requires the Commission to commence annual EWRP reconciliation proceedings for IOUs and RRCs, which the Commission has determined should be simultaneous with the filing of annual reports.³ MRCs and MOEUs are not subject to a reconciliation requirement. All of the above-captioned electric providers have approved EWRPs, which were approved previously as energy optimization plans. Exhibit A, attached to this order, provides the docket numbers and filing due dates for annual reports and reconciliations. In the event a filing deadline falls on a weekend, the Commission directs any affected utility to file its EWRP reconciliation or annual report on the following business day.

THEREFORE, IT IS ORDERED that each utility listed in the caption of this order is directed to file its energy waste reduction reconciliation and annual report in the docket number listed on Exhibit A.

² Because the annual report required from the above-captioned providers is for the calendar year 2017, part of the report will address EWR actions taken by the provider under Act 295 (January 1, 2017, through April 19, 2017), and part of the report will address EWR actions taken under Act 295, as amended by Act 342 (April 20, 2017, through December 31, 2017).

³ The Commission notes that although Wisconsin Electric Power Company (WEPCo) has transferred the majority of its Michigan customers and operations to the Upper Michigan Energy Resources Corporation, effective December 9, 2016, WEPCo had an approved EWRP in 2017, and is required to file an energy optimization reconciliation for that year.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so by the filing of a claim of appeal in the Michigan Court of Appeals within 30 days of the issuance of this order, under MCL 462.26. To comply with the Michigan Rules of Court's requirement to notify the Commission of an appeal, appellants shall send required notices to both the Commission's Executive Secretary and to the Commission's Legal Counsel. Electronic notifications should be sent to the Executive Secretary at mpscedockets@michigan.gov and to the Michigan Department of the Attorney General - Public Service Division at pungpl@michigan.gov. In lieu of electronic submissions, paper copies of such notifications may be sent to the Executive Secretary and the Attorney General - Public Service Division at 7109 W. Saginaw Hwy., Lansing, MI 48917.
